

SlideShowPro

Complete Photo & Video Publishing Solution

2010

SlideShowPro add-on

• Cost: \$400

We offer SlideShowPro as an add-on feature to any new or existing website. SlideShowPro is a client-managed video and photo gallery application used to impress website visitors when presenting media files on your web pages. It can be integrated into Vectyr, Vectyr+ Cart or Sphere as a digital signage area to showcase products and services or throughout web page layouts to visually enhance website design.

We can completely customize the look of your web pages with SlideShowPro which offers hundreds of options to change actions, sizes, colours, and designs of photos and videos. Use SlideShowPro to provide more details and improve visitors' experience when browsing the products and services available on your website.

FEATURES

- Simply upload your media files directly from a digital camera or computer
- Automatically formats your media files to the proper size
- Display pictures, videos or a combination of pictures and videos at the same time
- We can customize the slideshow size (width and height) and colour to any website design layout
- Add hyperlinks to the slideshow contents on your website to transfer visitors to open a specific file, web page or website or to display the same photo in a larger-size
- Image and video files can be neatly organized into ThumbGrids for simple viewing
- Use SlideShowPro to easily organize thousands of photos or videos into albums
- SlideShowPro has pan and zoom functions to allow visitors to view all aspects of your photos and videos
- Use music (MP3 format) or commentary to enhance your photos or videos
- Can be used for video testimonials regarding products and services
- Format the size of your photos or videos so users can view full screen versions
- We can choose from numerous graphic transition designs to switch fluently from photo to photo, photo to video or video to video
- Image files must be in RGB format which includes JPGs, GIFs, and PNGs
- Video files must be in SWF, FLV and h.264 encoded MOV formats

• Annual hosting fees: \$165.00

If your website is built on one of our website packages (Vectyr, Vectyr+Cart and Sphere) you **will not be charged** the annual fee for SlideShowPro.
