

WordPress (Blog Tool and Publishing Platform) Customized Online Blogging Environment

WORDPRESS

WordPress (Blog Tool and Publishing Platform)

✦ Cost: \$1000.00

We offer WordPress as an add-on blog feature to any new or existing website. WordPress (Blog) is a tool that can be used on your website to regularly update visitors of relevant information or link to other important websites. It is often used to post comments, describe events, display images, photos or other media or for more personal reasons such as serving as an online diary.

WordPress (Blog) themes can be completely customized and integrated into Vectyr, Vectyr+ Cart, or Sphere to match website design layouts. Use WordPress (Blog) to compliment your existing Vectyr, Vectyr+ Cart, or Sphere website and to enhance visitors' experience when browsing the products and services available on your website by allowing them to leave their comments and interact with others online.

FEATURES

- Complies with W3C standards
- You can create WordPress (Blog) pages to manage/simplify information into blog and non-blog content
- Your WordPress (Blog) theme will match your website layout/design
- Website visitors can post comments on individual entries and use Trackback or Pingback to comment on their own website
- Create a blacklist to protect against spam/unwanted posts
- Allow visitors to create and maintain user profiles to ensure quality blogging/comments
- Assign passwords to individual users enabling comments/posts to remain private or for author-only viewing
- Control which users are allowed to post draft-only or front page comments
- Allows HTML text formats and symbols
- Create user levels with varying privileges (posting, editing, options, etc.)
- Post interesting bookmarked pages/links to your blog for others to see from various browsers
- Supports pingback (Ping-O-Matic) to inform search engines of updated blog information

WordPress (Blog) is available only as an add-on feature to one of our website packages (Slyce, Vectyr, Vectyr+Cart, or Sphere). Please contact us for a customized quote if you require a website solely built using the WordPress platform.
